CHIEF SECY.'S DEPT.

Submitted to the Dewan.

For Orders

Mrs Leonard applies for increase to his salary

In obedience to the Dewans order recorded on the above I beg to state that Mrs Leonard's request seems to deserve favorable consideration.

Of course there have been faults & failings in the work of the Press & there have been printed out of time & time but (as the Dewan has also doubtless observed) the work has been getting better & better so that the Hon'ble Mr Chentsalkon

To Councillors for favor of opinions before submitting to H.H. 3/5/92 [illegible]

The best way of rewarding people for their services is by transferring them to suitable appointments on increased pay & not by increasing the pay of the office — Personal allowances may be given but rarely. — Mrs Leonard will make a good Town or Police officer I think. —

Before giving my opinion I should like to see a list of Mrs Leonard's services — what was he before he became Supdt of Press in April 1886? 4/5/92

Please see page 96 of accompanying book

D 7/5

has been able to send
the following remarks
on the Govt. Order under
preparation in Revenue
Dept. on Leonard's Report
for 1890-91 viz

"On the whole"
working of the Forest
Govt has been satis-
factory & the Govt
are glad that the
Dept. takes interest
in his work. & does
it as economically
as possible"

Mr. Leonard
still requires some help
in the shape of more accom-
modation, more presses
for printing off various
matters simultaneously
& rapidly & some additions
& improvement of
the Compositing staff
& till such help is granted
here with, I am afraid,
he accasion for grumbling
in some quarters on

U

P.2 of

Recent delay in
turning out work
but Mr Leonard has
not shared himself
& as a result in
spite of encouragement
for the future & in view
of the much higher salary
that his predecessors
were drawing for less
work his application
may seem to me
be favorably considered

Walt 2/5/92

Mr Leonard entered
the service in 1881 as
asst of Stationery & was
promoted to present
post in 1886—

He has no doubt
done good service, but
I do not think that was
of promotion for 5 years
gives entitles one
to any personal
allowance.— He will
make a good Town or
Police officer, & I think
he should have full
opportunity for
promotion occurs.—

5/5/92

W Leonard will, no
doubt, make a good
Asst Off. if he could
be transferred to the
Town dept on higher pay
immediately, it will be
an encouragement thereto,
but as there is no immediate
prospect of his being
so advanced, I think his
case deserves consideration
if the ~~pay of the~~ 4th Supt

of the Press (Mr Ja—
was in receipt of Rs 600
pm. for the Press work
alone, I think W Leonard
is fairly entitled to the
same salary, for the
work connected with
the Press which has
largely increased and the
duties devolving on him as
Supt of Stationery. The
second application is for
an increase of pay and
not for a personal allowance
The pay of the appointment
may be fixed at Rs 400
rising to Rs 600 by annual
increments of Rs 50, and
as W Leonard has complete
5 yrs service he may
be allowed to draw the
minimum pay — if any
personal merits with the
approval of the Undersigned

6/5/92

J. R. 2-60

There papers were be forwarded in Orig[l] to Mr Ricketts with a request that he would kindly give me his opinion regarding Mr T. T. Leonard's qualifications for ~~Sitter~~ the Front ~~& Police~~ Dept Mr Leonard no doubt is a hardworking man, but it occurs it would be well to avoid giving him increase of pay in his present appointment. If he is fit for Front work & we can give him the same, we can make his pay Rs. 600/—

3 May 1892 Kasturchandanger

Mr Ricketts in the appended memo gives reasons for Mr transferring Mr Leonard to the Front Dept. These reasons appear to me to possess considerable weight

In reply to Mr Chartock's Observation ~~[illegible]~~ I would remark that about the time of the Rendition all Establishments were placed upon a tentative [illegible] to the requirements

but had nevertheless to be adopted owing to the financial reasons which then existed.

For the Combined Offices which Mr Leonard holds Rs 600 a month is not an over liberal salary & fixing as a maximum a new man may start on Rs 350 or 400 & rise to Rs. 600 by annual increments of Rs 50 as proposed by Mr Thumboo Chettiar

In the Case of Mr Leonard if he does not get Rs 600 p.m. once), he shd now get Rs 500 and rise to Rs. 600 in 2 years or he shd now get 550 & 600 -- a year hence -

Recordings recommend the above for H.H's Consideration & Sanction

27/7/27 [illegible]

On the whole I am convinced that it would not be in the interests of the Dept. to put Mr Leonard in it & that too over the heads of everyone, except myself.

C. Rodgers
Asst. Genl of Forests

22nd May 1892.

9

GOVERNMENT OF MYSORE

Memo

To transfer Mr J. J. Leonard to the Forest department on 600 Rs. a month, or even less, would be to supersede every Officer now serving in the Forest department. It would be much felt & produce great discontent, especially as such passing over of old hands would

not be on account of improved fitness for Forest work; but because he had given satisfaction in quite a different kind of appointment.

Mr. Lowry has been in the Forest Deptt since 1878 & Mr. Narrain Rao since 1880. They have acquired a certain amount of practical experience

knowledge of technical details which Mr Leonard necessarily knows nothing of.

I cannot say that Mr. Leonard would be a failure; but he would have to learn a good deal, besides running considerable risks in exchanging his present mode of life, which has been spent mostly if not entirely in Bangalore, for Forest life say in the malarious jungles of Mysore or Shimoga.

RR

K. SHESHADRI IYER, ESQ., C. S. I.,

Dewan Bahadur of Mysore

MY DEAR SIR,

I beg to lay before you the following :—

I have been Superintendent Government Printing, and Compiler Mysore Gazette, since 1st April 1886 and have been drawing an allowance of Rs. 150 for this work. My predecessor, Mr. Garrett, drew Rs. 600.

The following tabular statement speaks for itself as to the great increase of work and the savings effected since I took charge.

Years.	Value of work executed.			Expenditure.			Profit or Savings.		
1886—87	52,022	9	10	28,627	12	8	23,394	13	2
1887—88	46,140	14	11	27,485	13	8	18,655	1	3
1888—89	49,070	2	5	29,328	5	2	19,741	13	3
1889—90	55,272	15	0	35,592	10	6	19,680	4	6
1890—91	63,409	13	4	37,045	5	8	26,364	7	8
1891—92	77,692	0	0	38,846	0	0	38,846	0	0

2. Besides economical working, I have, since taking charge, effected a large saving in the permanent establishment and do the work of both Superintendent, Compiler as well as Manager

3. It is but the plain truth, when I say that my whole time and attention have been devoted to my duties, for I have worked on holidays, have never had a day's leave and very often had heavy night work. My Annual Report for 1890—91 (copy enclosed) gives a faithful record of the hard work which quietly goes on and which is ever increasing.

4. In the Stationery Depôt, I made such arrangements, as have effected a great reduction in expenditure; in fact it is not too much to say that Government has thereby benefited to the extent of Rs. 25,000 annually.

5. As you are aware the Printing Branch is a most important one, and it is only by sheer hard work that the results recorded above have been brought about. I would here refer to the abnormally heavy work entailed by the Census and its successful carrying out, a result obtained only by strenuous and unremitting exertions.

6. It is over five years now since I have received any increase, and on the 6th December 1890, when I submitted a proposal for increase of pay as directed, you were pleased to say personally that you would not forget my services.

7. I beg therefore, that after consideration of these circumstances, you will be so good as to make my salary for the Press and Gazette up to 350 Rupees a month, which together with my pay as Superintendent of Stationery Rs. 250, will give me the salary drawn by my predecessor for Press alone, *viz.*, Rs. 600; and that in consideration of the excellent work of last year, you will be further pleased to give the promotion retrospective effect from 1st April 1891.

I remain, Dear Sir,

Yours Sincerely,

T. T. Leonard
Supt. G. P.

23rd April 1892

ANNUAL REPORT

OF THE

MYSORE GOVERNMENT PRESS AND THE GAZETTE OFFICE

FOR THE YEAR 1890-91

I have the honor to submit my Annual Report on the working of the Mysore Government Press and the Gazette Office for the year 1890-91, together with four statements showing in detail the various items of receipts and expenditure.

2. The year opened with the epidemic influenza which prostrated a large number of the Press hands (*vide* para 2 of Press Report for 1889-90). This, combined with difficulty of procuring trained labor owing to the disease prevailing generally throughout, told much on the working of the Press, so much so that months elapsed before matters regained their normal condition. Notwithstanding these drawbacks, a larger amount of work was done this year than in any former—chiefly in the second half of the year.

3. The receipts under all heads aggregated Rs. 65,625—9—10 in the year under report, while in the year previous, *viz.*, 1889-90, when the work done was more than in any of the previous years, the receipts were Rs. 57,664—15—6. The increase therefore in favor of the year under report is Rs. 7,960—10—4. The details of the two years are compared in the following table :—

Detail.	1889-90.			1890-91.			Increase.			Decrease.		
Work done for the Mysore Government ...	55,272	15	0	63,409	15	4	8,136	14	4	...	...	...
Do for Municipalities, &c...	405	2	0	150	6	0	...	...	...	254	12	0
Gazette sale and Advertisement receipts	1,742	7	0	1,988	7	6	246	0	6	...	...	...
Other cash realizations ...	244	7	6	76	15	0	...	..	...	167	8	6
Total.....	57,664	15	6	65,625	9	10	8,382	14	10	422	4	6
							Net Increase.....			7,960—10—4.		

4. The following statement shows the detail of work done for the Mysore Government during the year under report as compared with the previous year :—

Department.	1889-90.			1890-91.			Increase.			Decrease.		
Dewan's Office	10,404	10	0	15,094	2	0	4,689	8	0	...	...	...
Financial Department	4,743	0	0	3,379	9	0	...	...	...	1,363	7	0
Judicial Department	1,048	4	0	2,550	4	0	1,502	0	0	...	...	...
Public Works Department	6414	11	0	6,459	0	0	54	5	0	...	...	...
Education Department	3,778	5	0	5,829	17	11	2,051	2	11	...	...	...
Medical Department	671	8	0	701	14	0	30	6	0	...	...	...
Registration Department	826	12	0	628	12	0	...	...	...	198	0	0
Forest Department	293	12	0	358	0	0	61	14	0	...	...	...
Legislative Department	560	0	0	374	4	0	...	...	..	185	12	0
Police Department	2,597	6	0	1,173	1	0	...	...	...	1,424	5	0
Military Department	223	8	0	432	12	0	209	4	0	...	...	...
Amrut Mahal Department	62	10	0	60	8	0	...	...	...	2	2	0

Yalandur Jahgir	...	...	...	62	12	0	62	12	0	...	...	...

5. More than the usual number of Annual Reports were printed during the year, the bulkiness of the monthly volumes of Government Proceedings which for the first time contained a new section "the Decisions of Government on Revenue Appeals," and the printing of several other State papers, the Dasara Proceedings, &c., served to increase the work done for the Dewan's office. A large number of school books were issued during the year and the increase in the Education Department was due to it. There was also an increase in the work done for the Judicial and some other Departments. In para 18 of my Report for 1889-90, I alluded to the double work caused to the Press by Departments altering or amplifying proofs causing much waste of time and labor, and money to Government. This not only continues, but I have to complain of the very rough manner in which "copy" is often received to be set up; not only is much copy sent to Press written in pencil, but both sides of the paper are made use of, which prevents the work being "spread out" to compositors and in cases where the work is "urgent" this becomes a very serious drawback. Too much stress cannot be laid upon the rule that all "copy" for Press should be written *fair, with ink* and on *one side* of the paper only.

6. During the year under report, no work of the Archæological Department was issued complete and therefore the value of work done for the Department was not included. The important work "Karnataka Sabdanusasanam," with its commentaries—in the Kannada and the Roman characters, extending nearly to 750 pages—Demy quarto, neared completion. More than 150 pages of the "Inscriptions in the Mysore District" were also printed during the year as well as about 300 pages of "Pampa Ramayana". These works are of a very special nature and require minute attention and great care, so much so, as to make the work tedious.

7. The work done for the Census Department was of a very urgent nature and taxed the resources of the Press heavily, and I am glad to say we tided over it very creditably. Three million, one hundred and seventeen thousand, six hundred and seven copies of Enumerator's schedules, &c., were printed which had to be made up into 12,280 books, and the whole finished and distributed to Districts in the course of about 10 weeks. The work was received late and the paper for printing still later; it was therefore necessary to work day and night for several weeks in order to supply the Enumerator's schedules, &c., in time. The work of despatching these to the Districts was also done by the Press. When the Census requisition was received in the Press, special arrangements had to be made for paper Several Firms in India could not make the supply in the required time as the demand for paper was general throughout India on account of the Census being taken simultaneously all over. The Titaghar Paper Mills, Calcutta, however supplied an excellent half bleached paper with such promptitude as to facilitate early completion of the schedules.

8. The commencement of work on the Bangalore-Hindupur Line by the State brought into the Press, the work of printing a large number of Railway forms which had been discontinued since the advent of the Southern Mahratta Railway Company in Mysore.

9. The receipts under the Mysore Gazette amounted to Rs. 1,988—7—9 against Rs. 1,742—7—0 in the previous year. The following statement compares the receipts under this head for the last 4 years :—

Year.	Subscriptions.			Advertisement charges.			Total.		
	Rs.	A.	P.	Rs.	A.	P.	Rs.	A.	P.
1887-88 ...	705	6	4	848	11	2	1,554	1	6
1888-89 ...	948	13	5	1,203	4	6	2,152	1	11
1889-90 ...	827	12	3	914	10	9	1,742	7	0
1890-91 ...	796	3	6	1,192	4	0	1,988	7	6

10. These items will always fluctuate. The number of subscribers to the Gazette would probably increase if the publishing of interesting records formed one of its features. I alluded to this in para 10 of my Report for 1888-89. Considering the heavy expenditure incurred in publishing the Gazette as well as its volume the rate of subscription is rather low, scarcely enough to cover the cost of paper. It is believed that an increase in the rate of subscription will not tend to decrease the number of subscribers, and will be productive of enhanced receipts.

11. The expenditure under all heads in the Press aggregated Rs. 39,261—2—2 against Rs. 37,984—11—0 in 1889-90. The increase is owing to the inclusion of the expenditure incurred on account of materials, type, &c., for the Branch Press at Mysore. The following table compares the expenditure in detail of the year under report with that of the year 1889-90 :—

Heads.	1889-90.	1890-91.	Increase.	Decrease.
	Rs. A. P.	Rs. A.	Rs. A. P.	Rs. A.
Supervision ...	1,800 0 0	1,800 0	...	...
Establishment				
Fixed ...	9,779 4 1	9,702 14 11	... ...	76 5 2
Piece Work ..	18,156 3 4	17,508 4 11	... ...	647 14 5
Temporary ...	240 0 0	80 0 0	... ...	160 0 0
Archæological ...	1,996 10 0	2,177 2 6	180 8 6	... ...
Materials, type, &c.	4,490 13 0	6,553 14 3	2,063 1 3	...
Type for Archæological works ...	682 13 1	593 10 1	... ...	89 3 0
Contingencies	838 15 6	845 3 6	6 4 0	... ...
Total	37,984 11 0	39,261 2 2	1,276 7 2	... ...

12. The decrease in the cost of the fixed establishment is due to two posts which remained not filled up for three months. The temporary establishment was maintained only for four months in the year. The Archæological establishment was increased at the latter part of the year and the increase of cost under that head is attributable to that cause.

13. Notwithstanding the large increase of work in the year under report over that of the previous year, yet the expenditure under Piece Work establishment was less by Rs. 647—14—5. This amount, though small, is the result of a revision of the rates for Piece Work which was carried into effect this year. The old rates made at the establishment of the Press when skilled labor was not plentiful were necessarily high and it occurred to me, after I had made several trials and otherwise satisfied myself, that the time had arrived when these might be judiciously brought down to suit a labor supply that was daily becoming more plentiful. Accordingly with the rates of the Madras Government Press to guide me and my own experience, I drew up a revised scale, which has, I am glad to say, hit off a happy medium. The workmen have been able, by a little increased diligence, to earn their average wages, while to Government it has meant the saving of several thousands of rupees. This will be borne out by the fact that while the quantities of work done this year are far in excess of any previous, yet the expenditure under Piece Work establishment is less by Rs. 647—14—5 than last year. This I consider a most important step, the results of which will be of a permanent nature from a financial point of view.

14. The expenditure under "materials, type, &c.," was Rs. 6,553—14—3 against Rs. 4,490—13—0 in the previous year. The increase is due, as already explained, to the inclusion, in the amount, of the cost of materials, &c., procured for the Government Branch Press at Mysore. The articles procured from London

consisted chiefly of current stock such as glue, lead, calico, mill-board, &c., &c. Two numbering machines and a wire stitching machine were also procured. It was found that the type cast at the Mysore Government Press, though suitable for all ordinary works, was not adopted for high class work and therefore a fair quantity of Figgins' type was procured from England.

15. The work done for the Government during the year under report amounted to Rs. 63,409—13—4, the highest figure in record in the history of the Mysore Government Press; the net expenditure, *i.e.*, the expenditure after deducting cash receipts, was Rs. 37,045—5—8. In other words, the Government by actually disbursing Rs. 37,045—5—8 had had done for it work amounting to Rs. 63,409—13—4. It therefore saved Rs. 26,364—7—8 in its printing work. It will be seen from the following table that the savings or profit, as well as the amount of work done during the year under report was the largest ever on record:—

Years.	Value of Work executed.	Expenditure.	Profit or Savings.
1882-83	35,215 5 1	23,066 3 5	12,149 1 8
1883-84	32,566 6 8	21,705 15 7	10,860 7 1
1884-85	35,252 14 6	21,938 5 11	13,314 8 7
1885-86	36,767 8 7	25,675 3 8	11,092 5 0
1886-87	52,022 9 10	28,627 12 8	23,394 13 2
1887-88	46,140 14 11	27,485 13 8	18,655 1 3
1888-89	49,070 2 5	29,328 5 2	19,741 13 3
1889-90	55,272 15 0	35,592 10 6	19,680 4 6
1890-91	63,409 13 4	37,045 5 8	26,364 7 8

16. The number of books registered under Act XXV of 1867 was 202 against 128 in the previous year. The expenditure incurred was Rs. 253—5—0 against Rs. 131—2—6. The receipts for securing copy-right under Act XX of 1847 were Rs. 90 against Rs. 74 in 1889-90. The Superintendent of the Government Press being also *ex-officio* Curator of the Government Library, the work of registration is done in the Government Press Office. This work has, of late years, been steadily on the increase as may be seen from the following table which compares the figures of the last 5 years:—

Years.	No. of Books registered.	Expenditure on account of 3 copies of works registered.	Receipts by Copy-right fees.
1886-87	122	283 3 0	100 0 0
1887-88	107	316 8 9	88 0 0
1888-89	125	220 8 0	84 0 0
1889-90	128	131 2 6	74 0 0
1890-91	202	253 5 0	90 0 0

17. The number of publications reached a very high figure in the year under report, and as there is no separate establishment for the work it was found very difficult to have it done by the limited Clerical establishment of the Press. This difficulty is augmented in the preparation of the quarterly catalogue which by a recent Resolution of the Government of India needs to be arranged by subjects and languages, requiring a deal of labor and time. The subject requires some consideration and will be treated in a separate communication. The law regarding the registry of publications is in the course of revision and when it is completed the Government will save all expenditure.

18. The Branch Press at Mysore, though nominally under the supervision of this office, has been under the direct control of Mr. Rai Bahadur Narsimmaiengar, the Darbar Bakshi, and has done well. Its principal work was in connection with educational books for Her Highness the Maharani's Girls' School at Mysore. The Foreman sends the following tables :—

Expenditure.

	Paid by—											
	Government.			Palace Department.			Darbar Bakshi.			Total.		
Foreman	360	0	0	...			100	0	0	460	0	0

Total Rs.....	2,170	10	0	321	0	6	2,491	10	6

19. It must here be added that in consequence of the very large increase of Printing work, the issue of the Gazette from the Press to the offices and subscribers in the whole Province, the direct despatch of printed forms, the volume of Government Proceedings, &c., likewise, and the registration of books, the clerical work has increased very much and is comparatively heavier than any other departmental office where large numbers of clerks are entertained. The work is got through by the few hands only by keeping extra hours and by working on official holidays. Promotions to Clerks and Proof Examiners are not frequent in the Press as is the case in other Departments and consequently the service is not much sought after by qualified able hands. The matter has been submitted for the consideration of the Government with a view to their claims being considered for higher appointments when they are qualified for them.

20. The Press Establishment has special claims to the consideration of t State and many difficulties exist in it which are not noticeable in other Departments. The compositors are liable to the disease known to printers as "lead poisoning" and they become unfit for work earlier than workmen of other trades, and in many cases are incapacitated before attaining the prescribed pensionable age. The introduction in such cases of the provisions of the Pension Code adapted to special establishments as regards age when they may be retired from service at the recommendation of the Head of Department is very necessary for due and proper efficiency of the Press, and this subject will be brought to notice by a separate communication.

21. S. Raghavendra Rao, Head Clerk of the Government Press, has been lent to the Census Department since August 1890 and he is at present the Manager of the Census Superintendent's office. Some Press officials were deputed during the last Census to work as Enumerators. In connection with the Census-printing, an establishment has been maintained since August 1890 at a monthly cost of Rs. 80 and it is not too much to say that the Press has, in the Census work, been the means of saving many thousands in printing as well as stationery.

22. The resources of the Press were found inadequate when there were many heavy and urgent works. To provide against such, a stock of type is being gradually got together as well as tools and plant. The Public Works Department having extended the Press buildings, a new printing machine is now on its way from London, but this will not be enough and it will be necessary to get one or two more next year. A new printing machine is also on its way for the Branch Press at Mysore.

23. On the whole, I submit, that the record of work in the Press for the year 1890-91 is a most satisfactory one, and such results with its limited establishment could not have been obtained if the subordinates had not worked early and late-often at nights and without the chance of enjoying official holidays. The average hours per day has been nearly ten and the holidays enjoyed by the Press numbered only about 6 during the year. It is a great satisfaction to me to know that my people worked cheerfully in the interests of Government without any extra pay or remuneration, but at the same time I have felt that the hardships and inconveniences they bore uncomplainingly were such that would have led in other Presses to a strike or refusal to work without enhanced pay or wages.

I have the honor to be,

Sir,

Your most obedient Servant,

T. T. LEONARD,

Superintendent, Mysore Government Press.

Bangalore 5 November 1897

To Sir. K. Seshadri Iyer KCSI
Dewan of Mysore Office

80-11

Sir

I beg to lay the following for your favorable consideration and early disposal.

2. I took charge of the City Municipality on the 5th May 1896, when matters were in a most deplorable condition. There was a balance of Rs 310,102 to credit and many claims to meet. At the end of the official year, 30th June 1896, all claims were paid and a solid cash balance of Rs 25,709 in the Treasury. During the succeeding official year, 1896/97, Rs 165,502 had been actually collected as against Rs 145,433 the year previous, and at the end of June 1897, I had again a solid balance of Rs 35,344 in hands, without any claim to meet. In the present year 1897/98, finances are further improving.

3. The duties of President are onerous and responsible and will much tact to pre-vent modern improvements being unpopular. I am to be out on inspection duty from 6 to 10 AM; office 12 to 4 P.M. - where am I to have more than two hours; again out on work to past dark, with often an inspection of Street lights to 10 P.M.; I enjoy no holidays - it is all work - and as a matter of fact it may,

he said that from the nature of my duties many
disinfected daily in the execution of work which carries
me into all kinds of disgusting and dangerous holes
and corners. If I did not set a good example my
Subordinates would shirk their work.

4. That the sanitary and hygienic condition of
city has been much improved during my charge
is attested to by the Sanitary Board to Govt, the whole body
of Commissioners and the rate payers. Conservancy
is systematically carried out, new roads have been
formed, and a large number of improvements effected
in the city at a small cost. Public health has greatly
improved by much.

5. I beg to point out to you Sir that for all
this hard work and for such a responsible charge
my remuneration is very low. My salary is Rs 700
and with a family in England, it keeps me a state=
nation allowance. I submit that I am deserving of
special consideration and more liberal recompense.
I have a good record of service for the past 16 years
and I can say without fear of contradiction that while in
the State Railway and Press Departments I helped to save
thousands of Rupees annually to Govt. Tho I have ever
worked hard in Govt interests I am worse off than many
of my fellow civil servants - this is my misfortune. And
my hard case is now accentuated by the discontinuance
of an allowance of Rs 100 - per mensem which I was

drawing for services rendered as their Servant and Instructor to the Board of Authority.

6. The Municipality can well afford to pay the President of this important City man Liberally. I am positive that none of the Municipal Councillors would heartily endorse any increment to my Salary, which I can say without fear of Contradiction, that anything which your Excellency may be pleased to do for me in the matter of promotion would be hailed with great satisfaction and be very pleasing to the Citizens when citizens are so well cared for by me.

7. I pray therefore that in consideration of my work and Excellent record you Excellency will be pleased to fix my salary as President of the City Municipality at Rs 1000 per mensem inclusive of a Medical Allowance of Rs 150. and the maximum amount at Rs 4 Motor Car Allowance per year.

I beg to remain

Sir,

Your obedient servant

T. T. Fernando

President C.M.C

Bangalore 1st August 1898

From Wm. T. T. Leonard
President, Mr. Court
Bangalore City

To
The Secretary to the
Govt of Mysore
Bangalore.

Sir.

I am acknowledging receipt of
Prov: of Govt No 1240-1 / M 286 dated 23rd July/98
and have the honor to submit the following
for the favorable consideration of H. E.
the Dewan and the Hon'ble Members
the State Council, and request you
will be so good as to place the same
before them.

1. On the invitation of the late Rt. C
Rungatharlu C.S.I Dewan of Mysore, I
was induced to give up a lucrative
business and accept the appointment
Supdt. of Govt Press and Stationery, with
the assurance of a consolidated Salary
of Rs 500 per mensem and joined the
Service on 2nd April 1881. Owing to some
promise made by Sir James Gordon
British Resident, prior to the Rendition,
to Lt H. Hudson, Comptroller, who was acte

receiving his
Reg Pass
Mysore to Mad
with effect from
1st Aug 98

as Supdt of Govt Prep, in addition to his own duties as Comptroller, the late Dewan, not feeling disposed to interfere or cancel this arrangement asked me to take the post of Supdt of Stationery on Rs 250, and I had to submit to the circumstances which brought this about. By this I lost in salary Rs 3000 a year for five years and it had a baneful effect on my subsequent service and emoluments.—

2. On the 1st April 1886, on the retirement of W Hudson, I was appointed Supdt of Govt Prep and Stats.— My original appointment — but on a decreased salary of Rs 350.

3. On the 1st Apl 1887, my salary was raised to Rs 400— which was still 300 Rs below the pay of the junior Supdt of the Prep alone— the late Mr J. P. Garrett.

4. For over five years I had no increase or promotion, and on 1st July 1892 my salary was raised to 600 Rs.

5. There is no further need to allude here to my 15 years of hard and honorable work in the Prep and Stationery than to state that by administration of these Depts was marked by more efficiency and economy, resulting in big great savings to the state— a matter which can be proved by facts & figures.

6. On the 1st July 1894, while still in the

Resp. Govt was pleased on the strong rec=
=commendation of the Military Secre=
=tary, to sanction me an allowance of
Rs 100/- for my services as Drill Instructor to
the Mysore Infantry — a sum rendered by
me gratuitously since Dec. 1884 on the
special request of C.C: Hay Mily. Secy. to
this direction I did much Good Service
to the State, testified to by the late Col.
A. H. Macintire, Mily Secy, by two British
Generals — Bengough C.B and Fanna C.B,
by H.E Sir James Donna K.C.S.I. Comdr in Ch.
Madras Presidency and by His late Highness
the ever-to-be-lamented Chamarajendra
Vidya Bahadur G.C.S.I, Maharaja of
Mysore
7. On the 8th May 1896, I was appointed
President of the Mun.pal Court Bangalore
City, and in sending me there, Govt was
pleased to grant me a salary of Rs 700
and to retain my allowance, drawn
the duty as usual.
8. After a period of 16 years service
without any break or leave, I went on
3 Months leave to England, from 1st June
to 31st August 1897, and on my return my
allowance was stopped on the 1st Nov/97,
for no fault of mine. By this order, my
income

income was reduced to Rs 700.

9. I then made a personal represen=
=tation to H.E. the Dewan to take my hard
case into consideration, resting in the belief
that such appeal, based on fairness and
justice and in recognition of my honorable
and approved Services, would not be in vain,
and that substantial increase would be
granted me. It was therefore with much
sorrowful heart and anxiety I
perused the order of Govt. issued in the Pro=
=ceedings under reference.

10. I submit that the addition of Rs 100
to my Salary is no increase whatever - it
was taken away on one hand and given
back on the other, and after more than
two years hard work, during which my
health has been almost broken down, I find
my fundamentals just the same now as they
stood in May 1896. I felt that the con=
=siderations of my Services during the last
17 years, and the hardship of my case needed
only to be properly represented to call forth
a more just and liberal treatment - such
treatment as the Mysore Durbar is renowned
for.

11. I therefore solicit that my claims
for

to increased salary will be once
more considered and favorably dis=
=posed of. I beg that the salary of Rs 800
noted in Govt Proc: No 1240-1 / AN-286 dated
23 July 1898, may be sanctioned with
effect from 1st Nov 1897, the date on which
I was deprived of my allowance, and
that an increment of Rs 100 be granted
me from 1st July 1898, making my salary
Rs 900 per mensem.

12. On a calm and impartial consi=
=deration of my request, I submit that
my services deserve this recompense and
recognition. It is well known to the Hon'ble
the Councillors the reforms and improve=
=ments effected by me, in every direction,
in the premier municipality of the Province
and I am content to be judged by their
opinion, and the Vote of the Intelligent
Citizens; and leave the matter entirely
in the hands of H E the Governor & the Hon'ble
Council, confident in the hope that the
just & liberal standard which has guided
them in other Cases will be manifest on
my appeal.

I have the honor to be
Sir
Your most Obt Servt
T T Leonard

GOVERNMENT OF MYSORE

GENERAL

PROCEEDINGS.

Dated 23rd December 1893.

No. 9946.
G. F. 453-92.

Modifying the rules allowing Officers of the Mysore Local Service to make family remittances to England at a privileged rate of Exchange.

Mysore Govt. C. Press, Bangalore.—23-12-93.—200.

Proceedings of the Government of His Highness the Maharaja of Mysore, (General),—dated 23rd December 1893.

No. 9946—G. F. 453-92, DATED, BANGALORE, 23RD DECEMBER 1893.

ORDER.—By Orders No. 8307—G. 2023-92, dated 10th December 1892, the Officers of the Mysore Local Service, were, as a temporary measure, permitted to remit to England for the support or education of members of their families dependent upon them in England, any sums, not exceeding a moiety of their salaries, at 1s. 4¾d. per rupee, on requisitions of the Comptroller on Messrs. Coutts and Co., London. In April 1893, the Mysore Government further intimated its intention to prescribe for such remittances a further limit by way of an annual maximum amount.

2. The Government of India, in their Financial Resolution No. 3624A of 18th August 1893, sanctioned for British Officers, European or Eurasian, not domiciled in India, an Exchange compensation allowance equivalent to the difference between the rate of 1s. 6d. per rupee and the actual market rate, on one-half the salary, but not exceeding a maximum limit of £1,000 per annum.

3. The Government of His Highness the Maharaja are unable to apply to the Officers of the Local Service the Rules of the Government of India described in the preceding para in their entirety. The question of domicile is one always difficult satisfactorily to solve, and, as the intended relief is for the express purpose of compensating Officers for the extra cost of English remittances due to the depreciation of the rupee, it will meet all legitimate requirements to give to local officers the concession of making remittances at the special privileged rate of 1s. 6d. the rupee, to the extent actually necessary for the support or education of members of their families resident in England, provided that in no case shall such remittances exceed one-half of the monthly salary or a total of Rs. 15,000 per annum. Until further orders such remittances may continue to be made, as hitherto, by requisitions of the Comptroller upon Messrs. Coutts and Co., London.

4. Under such circumstances His Highness the Maharaja's Government are pleased to direct the adoption until further orders of the following Rule in lieu of the one contained in Proceedings No. 8307—G. 2023-92, dated 10th December 1892 :—

> "Officers belonging to the Mysore Local Service will be permitted to make "family remittances to England at a special privileged rate of "exchange, which for the time being, is fixed at 1s. 6d. the "rupee, by requisitions of the Comptroller on Messrs. Coutts and "Co., London, provided that such remittances shall in no case "exceed the Officer's monthly salary or a maximum limit of "Rs. 15,000 per annum, and provided further that any application "for such a remittance is accompanied by a certificate in the following form signed by the applicant" :—
>
> "Certified that the remittance desired is *bonâ fide* for the support (or education) of members of my family dependent on me in England.""

5. The above rule shall come into effect from 1st January 1894, but, as regards remittances already made by Local Officers since 1st April 1893 up to 1st January 1894, they will be allowed the benefit of the privileged rate now sanctioned of 1s. 6d. the rupee. The difference between this rate and 1s. 4¾d. calculated on the actual remittances between 1st April 1893 and 1st January 1894 will be paid to the Officers concerned, by the Comptroller, and charged in the accounts as "Exchange Compensation allowance of Local Officers."

Proceedings of the Government of His Highness the Maharaja of Mysore, (General,)—dated 23rd December 1893.

5. As regards the Exchange Compensation allowances of British Officers lent to the State, the sanction of the Government of India, applied for in Chief Secretary's letter to the 1st Assistant to the Resident No. 6821—G. F. 453-92, dated 9th October 1893, is awaited.

for Chief Secretary.

To—The Comptroller to the Mysore Government for information and guidance.
Copy to the Officers affected by this Order.

Exd.—A.N.S.
